

PCI in AMI with or without Cardiogenic Shock: Special Issues

Provided by Internal Medicine/Cardiology

Speaker: George Vetrovec, MD

Topic: Cardiology Grand Rounds are held weekly to inform providers and staff members on the latest updated in the field

Purpose or Objectives: At the conclusion of this activity, the participant will be able to:

1 Review and describe the issues related to complete vs. incomplete revascularization in the setting of AMI/Cardiogenic Shock (AMI/CS).

2 Review the importance of “systems of care” to minimize First Medical Contact to Balloon Time.

3 Review and discuss implications of the rising incidence of heart failure late post myocardial infarction despite improved survival.

Date/Time: 2/21/2019 7:30:00 AM

Location
