Purpose or Objectives: At the conclusion of this activity, the participant will be able to:

1 Discuss the challenges you face when making pain treatment decision

1 Apply knowledge and skills toward teaching standards in emergency medicine to residents, students, and other learners.

2 Describe the interprofessional team approach used in the ED for patient care with a focus on communication, documentation, and other learners

2 Evaluate the variability in pain treatment

3 Considering the voices of patients/families and the current evidence, formulate a practical approach to treating acute pediatric pain

4 Use knowledge and skills acquired to deliver evidence based care to patients in the emergency department

5 Be able to describe how social determinants of health and patient specific factors affect presentation and care deliver to ED patients

Date/Time: 2/15/2023 8:00:00 AM

Accreditation:
