### What is the role of interprofessional practice in addressing current healthcare issues?

Find out at the Seventh Annual Emswiler Interprofessional Symposium: Collaborating for the Community. The Jewell and Carl F. Emswiler Jr. Interprofessional Symposium is an annual event that provides a forum for participants who have the power to improve health and wellness for individual patients, communities, and populations through innovation in interprofessional practice.

### Come prepared to actively discuss and learn about

- Collaborative approaches for addressing current community needs
- Educational approaches to develop a workforce prepared for interprofessional practice
- Facilitators and barriers to interprofessional care

### Keynote address - Philip Alberti, PhD

Philip Alberti, PhD, Senior Director for Health Equity Research and Policy at the Association of American Medical Colleges (AAMC), will explore emerging opportunities for interprofessional health equity science and scholarship.

### Optional pre-conference symposium
