The 24th Annual
Virginia Liver Symposium
& Update in Gastroenterology

April 25, 2020
The Westin Richmond
6631 W. Broad Street | Richmond, Virginia 23230

Presented by VCU Health Division of Gastroenterology, Hepatology and Nutrition, and VCU Health Continuing Education
A.M.
7:00 Continental breakfast/registration
8:00 Welcome and announcements
  John Kuemmerle, MD, AGAF, FACG

SESSION I
Daily challenges in clinical gastroenterology
Educational objectives:
1. To identify and manage nutritional complications of various bariatric operations/interventions.
2. To understand the impact of pregnancy on natural history and management of IBD.
3. To understand how to manage acute diverticulitis and who needs surgery.
Moderator: Stephen Bickston, MD
8:05  A GI’s guide to the post-bariatric surgery patient
  Matthew Kaspar, MD
8:30  Pregnancy in IBD
  Jill Gaidos, MD
8:55  Diverticulitis: Surgery vs. medical management
  Nicole Wieghard, MD
9:20  Panel discussion
9:30  Alvin Zfass State of the Art Lecture:
  What we do now for Barrett’s doesn’t work. How can we change it?
  Nicholas J. Shaheen, MD, MPH
Objective: To understand the limitations of current treatment for Barrett’s esophagus and how newer therapies can impact its natural history.
10:15  Break with exhibitors

SESSION II
Cirrhosis and liver transplantation
Educational objectives:
1. To understand NASH in the context of liver transplantation.
2. To understand how to recognize frailty and sarcopenia in cirrhosis.
3. To understand best practices in managing patients after liver transplantation.
 Moderator: R. Todd Stravitz, MD
10:35  Implications of NASH as the etiology of cirrhosis in the context of liver transplantation
  M. Shadab Siddiqui, MD
11:00  Frailty and sarcopenia in cirrhosis: How to recognize and implications in management
  Scott Matherly, MD
11:25  Care of the liver transplant recipient
  Hannah Lee, MD
11:50  Liver transplantation for acute alcoholic hepatitis
  Vaishali Patel, MD

P.M.
12:15  Panel discussion
12:20  Lunch with exhibitors
12:45  Lunch workshop sessions

A. Noninvasive testing of liver disease severity: Does anyone still need a biopsy?
  Richard Sterling, MD; Reena Cherian, NP; and Shawn Lewis, NP
Objective: To understand the use and misuse of noninvasive assessments of liver disease.

B. Pearls in managing decompensated cirrhosis and HCC surveillance
  M. Shadab Siddiqui, MD; Hannah Lee, MD; Scott Matherly, MD; and R. Todd Stravitz, MD
Objective: To understand current management of decompensated cirrhosis, who and how to screen for HCC.

C. Gut health
  Kristi Seay, RN and Ann Leggett, NP
Objective: To describe the connection between biology and the emotional response to stress, differentiate the effects of long-term stress on the body and gut, define how stress affects eating patterns, and identify how stress contributes to GI disorders.

D. Tricks and tips in managing complicated IBD
  Stephen Bickston, MD; Jill Gaidos, MD; and John Kuemmerle, MD
Objective: To learn the tricks and tips on managing patients with complicated IBD.

SESSION III
Advances in liver disease
Educational objectives:
1. To understand how to manage patients after they have been cured of HCV.
2. To understand current and future therapies for chronic HBV.
3. To recognize, understand the physiology, and current management of hepatic encephalopathy.
Moderator: Michael Fuchs, MD
1:45  HCV: Life after cure
  Richard Sterling, MD
2:15  HBV: Current and future therapies
  Norah Terrault, MD
2:45  Hepatic encephalopathy: Update in pathophysiology and management
  Jas Bajaj, MD
3:15  Panel discussion
3:25  Break with exhibitors

SESSION IV
Recent advances in gastroenterology
Educational objectives:
1. To understand indications for EUS in diagnosis and treatment of gastrointestinal disorders.
2. To understand gender bias in gastroenterology.
3. To recognize GERD and evolving treatments.
Moderator: Ravi Vachhani, MD
3:40  Update on endoscopic ultrasound: Indication for diagnosis and treatment
  Doumit BouHaidar, MD
4:05  Gender bias in gastroenterology
  Sasha Mangray, MD
4:30  Evolving treatments for GERD
  George Smallfield, MD
4:50  Panel discussion
5:00  Final comments
  Richard Sterling, MD

Course description and target audience
The Division of Gastroenterology, Hepatology and Nutrition, the Liver Transplant Program, and VCU Health Continuing Education are pleased to offer the 24th Annual Virginia Liver Symposium and Update in Gastroenterology in Richmond, Virginia at the Westin Richmond Hotel. The program is designed for primary care and sub-speciality physicians, and advanced practice providers who treat patients with gastrointestinal and liver disorders.

Course objectives
- Discuss treatment strategies for the management of daily challenges in clinical gastroenterology.
- Review recent research advances and current literature of advances in treatment of chronic liver disease.
- Review recent advances and current literature in gastroenterology and hepatology.

VCU Health course directors
Richard K. Sterling, MD, MSc, FACP, FACC, FAASLD, AGAF
Hepatology Professor of Medicine
Chief, Section of Hepatology
Division of Gastroenterology, Hepatology and Nutrition

George Smallfield, MD, MSPH
Assistant Professor of Medicine
Division of Gastroenterology, Hepatology and Nutrition

Visiting faculty
Norah Terrault, MD, FAASLD
Professor of Medicine
Chief, Division of Gastroenterology
University of Southern California

Nicholas J. Shaheen, MD, MPH
Bozymski-Heizer Distinguished Professor of Medicine
Chief, Division of Gastroenterology & Hepatology
University of North Carolina School of Medicine

VCU Health faculty
Nicole Wieghard, MD
Assistant Professor of Surgery

VCU Health Division of Gastroenterology, Hepatology and Nutrition faculty
Jas Bajaj, MD, FAASLD
Professor of Medicine
Hunter Holmes McGuire VA Medical Center

Stephen Bickston, MD, AGAF
Professor of Internal Medicine
Director, Inflammatory Bowel Disease Center
Associate Chair of Gastroenterology

Doumit BouHaidar, MD, AGAF
Associate Professor of Medicine
Director of Therapeutic Endoscopy

Reena Cherian, FNP
Division of Gastroenterology

Silvia Daniela Degli Esposti, MD
Associate Professor of Medicine
Director, Women’s GI Disorders

Michael Fuchs, MD
Professor of Medicine
Hunter Holmes McGuire VA Medical Center

Jill Gaidos, MD, FACC
Associate Professor of Medicine
Hunter Holmes McGuire VA Medical Center

Matthew Kaspar, MD
Associate Professor of Medicine
Director of Clinical Nutrition

John Kummerle, MD, AGAF, FACC
Charles M. Caravati Professor of Medicine
Chair, Division of Gastroenterology, Hepatology and Nutrition

Hannah Lee, MD
Assistant Professor of Medicine

Ann Leggett, NP
Division of Gastroenterology

Shawn Lewis, NP
Division of Gastroenterology

Sasha Mangray, MD
Assistant Professor of Medicine

Scott Matherly, MD
Assistant Professor of Medicine

Vaishali Patel, MD
Assistant Professor of Medicine

Kristi Seay, MSN, RN, CGRN
Nurse Manager
Alvin M. Zfass Endoscopy Suite

M. Shadab Siddiqui, MD
Assistant Professor of Medicine

R. Todd Stravitz, MD
Professor of Medicine
Medical Director, Liver Transplantation

Ravi Vachhani, MD
Associate Professor of Medicine
Gastroenterology Fellowship Director

Conference location
The Westin Richmond Hotel is located at 6631 W. Broad Street, Richmond, VA 23230. Complimentary parking is available.

Accommodations
A block of rooms has been reserved at The Westin until Friday, April 10, 2020. The special room rate is $129.00 (plus 13.3% tax) for single or double occupancy.

American Gastroenterological Association
The Division of Gastroenterology, Hepatology and Nutrition has a long tradition of excellence in clinical practice, education and research, and remains dedicated to this pursuit of excellence. The scope of clinical operations and faculty expertise cover the entire spectrum of gastrointestinal and liver health and diseases. Special programs focus on esophageal disorders, gastrointestinal cancer, women’s health, inflammatory bowel disease, intestinal failure, obesity, pancreatic disorders, fatty liver disease, viral hepatitis and liver transplantation and are part of some of the premier services offered here at the VCU Health System.

Along with a cutting-edge seven-room endoscopy suite offering advanced endoscopic procedures, the hepatology program remains one of the premier programs in the country. The GI Division at the Veterans Affairs Medical Center, has equally innovative clinical programs including endoscopic ultrasound, liver transplantation and inflammatory bowel disease. The GI Division has a long standing, multifaceted educational program with offerings for medical students, residents, fellows, community physicians and other gastroenterologists.

The NIH-funded academic training program is in its 40th year and has produced numerous leaders in the field of gastroenterology and hepatology. The impact of this division on the state-of-the-art of gastroenterology, hepatology and nutrition continues to be strong and can be assessed by both the quality and number of publications. In addition, numerous faculty members have research funding from the NIH and/or the Department of Veterans Affairs. Thus, the division remains strong and committed to being a fertile training ground for future leaders in gastroenterology.

Accreditation and credit
Physicians
VCU Health Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

VCU Health Continuing Medical Education designates this live activity for a maximum of 8.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This Live activity, The 24th Annual VIRGINIA LIVER SYMPOSIUM & UPDATE IN GASTROENTEROLOGY, with a beginning date of 04/25/2020, has been reviewed and is acceptable for up to 8.00 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 8 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

VCU Health Continuing Medical Education awards 8 hours of participation (equivalent to AMA PRA Category 1 Credits™) to each non-physician participant who successfully completed this educational activity.

Disclosure statement
In compliance with ACCME Standards, all planners and presenter relationships with commercial supporters have been resolved. All presenting faculty affirm that they will employ the best available evidence from all sources to support any clinical recommendations made in their presentations. If learners detect any commercial bias in any presentation, they should document their observations on the Activity Evaluation.
