Pediatrics**

**Children's Hospital of Richmond at VCU  
Richmond, Virginia, USA**

# First World Congress on Enhanced Recovery after Surgery (ERAS) in Pediatrics

This inaugural CME event will bring together experts in surgery, anesthesia and medicine to discuss the pediatric-specific implications of developing an enhanced recovery after surgery program. A full day is devoted to lectures and discussions related to current pediatric ERAS programs and will provide a platform for collaboration on future projects related to ERAS outcomes around the world.

## Top speakers include:

### **Professor Olle Ljungqvist**

President of the ERAS Society  
Professor of Surgery, Department of Surgery  
Örebro University Hospital  
Sweden

### **Professor Marty Koyle, MD, FAAP, FACS, FRCS**

Professor of Surgery, University of Toronto  
Head of Division of Urology, The Hospital for Sick  
Children

### **Professor Paul Merquerian, MD**

Division Chief, Urology  
The Dr. Michael Mitchell Endowed Chair in
